Protect your income in case of disability or illness

If a long-term illness or disability prevented you from earning your regular income, would you have the financial support you would need to maintain your family's lifestyle? If you're self-employed, a contract worker or a retailer, the answer is probably no. In fact, thousands of Canadians have traditionally been unable to purchase the disability income protection they

need, either because it's too expensive, or because they work in an industry that doesn't qualify (such as construction).

At RBC Insurance®, we believe every Canadian should have access to simple, affordable income protection. That's why we offer The Fundamental Series® disability income protection product.

AM I PROTECTED OFF THE JOB, TOO?

Protection made easy

The Fundamental Series disability income protection product is different from traditional disability offerings. Your acceptance is guaranteed for Injury-only coverage upon satisfying a few simple qualifying statements, and you have the option to purchase Illness coverage as well. It's specifically designed to be:

- simple to apply for
- affordable, even for middle-income earners
- available to the self-employed, contract workers, farmers, construction workers, truckers and others without group disability coverage, or to individuals who may need to top up their existing coverage

You can choose coverage that protects you only when you are not at work or coverage that is in force 24 hours a day, both on and off the job. This can make it a valuable extra layer of insurance protection if you are already covered on your job site by workers' compensation.

**DO YOU COVER
PEOPLE IN JOBS
LIKE MINE?**

Solid protection

A disability can disrupt your lifestyle. You may no longer have an income, but you and your family will continue to have bills to pay. You will want to stay in your home and maintain your usual lifestyle until you have recovered and are about to return to work. The Fundamental Series disability income protection product can help. It replaces a portion of your income if an injury prevents you from working for an extended period of time. You can also purchase Illness coverage to replace a portion of your income if an illness prevents you from working.

A monthly benefit is payable if you become *totally disabled* from an injury (or from an illness if you also purchased Illness coverage). *Totally disabled* means that:

- you are unable to perform the important duties of your *regular occupation*; and
- you are not engaged in any gainful occupation; and
- you are receiving a physician's care.

These benefits are payable for a maximum of 36 months. After that time, benefits may continue to be paid; however, the definition of *totally disabled* changes to mean that:

- you are unable to engage in any *reasonable occupation* for which you are, or may reasonably become, fit by education, training or experience; and
- you are receiving a physician's care.

Guaranteed acceptance for Injury-only coverage

It's easy to apply. No medical examination is required, and acceptance is guaranteed by answering of a few simple questions. The insurance is available to anyone between the ages of 18 and 69.

Guaranteed renewable

This policy is *guaranteed renewable*. In other words, once you're accepted, you are protected as long as you continue to pay the premiums (guaranteed renewal to age 75 for Injury and age 70 for Illness).

WHAT HAPPENS IF I CAN'T WORK?

Flexible choices to meet your needs

You can choose to have benefits payable for five years or to age 70. You can also choose the elimination period that meets your needs best. The elimination period is the amount of time you need to wait for benefits to start after you've been injured or you become ill.

For injuries, you can choose an elimination period of 0, 30 or 120 days. A 0-day elimination period means your benefits can start the very same day that you're injured. For illness, you can choose an elimination period of 30 or 120 days.

Special features and options

The Fundamental Series disability income protection product has a number of other valuable benefits, beyond disability protection. These include the following:

- **Partial disability benefit.** If you are *partially disabled*, you can receive 50% of the regular benefit for up to six months.
- **Waiver of premium.** If you're *totally disabled*, your premiums are waived after 30 days (or the end of your elimination period, if longer) for as long as you're receiving benefits.

- **Return-to-work assistance.** You may be able to receive rehabilitation and financial assistance to help you return to work.
- **Best Doctors[†].** When you purchase illness coverage, you have access to the Best Doctors consultation program.
- **Accidental medical emergency benefit.** If you are injured in an accident and have to pay for emergency medical care as a result, this benefit may reimburse you up to \$10,000.
- **Accidental Death & Dismemberment.** This optional rider provides a benefit of up to \$500,000 if you have an accident that results in loss of life, eyesight or one or more limbs.

Business Overhead Expense protection

If you run your own business, this coverage helps cover the fixed operating expenses for your office while you are disabled.

There are certain circumstances where benefits are not payable. The policy contains exclusions related to:

- flying in a non-commercial aircraft
- professional athletic and underwater activities

I'M FREELANCE. CAN I GET COVERAGE?

- dangerous sports (e.g. sky diving, bungee jumping)
- impaired driving
- self-inflicted harm or attempted suicide
- committing a criminal offence
- drugs and narcotics
- riots or acts of war
- pregnancy and childbirth
- infections related to AIDS and HIV

This list is a summary only. Please review the policy itself for the complete terms and conditions, including the limitations and exclusions.

Key definitions

Business income means:

- a) your share of pre-tax profits or losses from an incorporated business which was partly or wholly owned by you and in which you were working on a full- or part-time basis; or
- b) your share of business income, less your share of the business expenses that are deductible for federal income tax purposes, from an unincorporated business which was partly or wholly owned by you and in which you were working on a full- or part-time basis.

Cost of goods sold means the direct costs attributable to the production of the goods sold by the business. It includes the cost of materials and supplies but not the cost of labour. If you are a driver, *cost of goods sold* includes the cost of fuel used by the business.

Employment income means your salary, wages, commissions, fees and any regular annual or periodic bonus earned from employment, minus any employment expenses that are deductible from employment income under the Income Tax Act of Canada.

Gross revenue means your share of business revenue, before business expenses and taxes, from an incorporated or unincorporated business which was partly or wholly owned by you and in which you are working on a full-time or part-time basis. *Gross revenue* is reduced by the sum of the following:

- a) *cost of goods sold*; and
- b) any salaries, wages or bonuses paid as employee wages to individuals employed with the business but not including any amounts paid to you.

Guaranteed renewable means that once issued we cannot change or cancel the policy without your consent, up until you turn age 75 for Injury coverage and until you turn age 70 for Illness coverage.

Partially disabled or partial disability means that:

- a) you are not *totally disabled*; and
- b) you are engaged in your *regular occupation* or any gainful occupation; and
- c) due directly to a continuing injury or illness (if Illness coverage was purchased), you are unable to perform either:
 - i) one or more important duties of your *regular occupation*; or
 - ii) the important duties of your *regular occupation* at least one-half of the time normally required; and
- d) you are receiving a physician's care.

Reasonable occupation means any occupation in which you could reasonably expect to earn an annual income equal to or greater than the Reasonable Occupation Income shown in the same row of the Benefit Determination Chart in your policy that shows your Maximum Eligible Monthly Benefit.

Regular occupation means the occupation or occupations in which you are regularly engaged for compensation at the time you become disabled.

Totally disabled or total disability means that:

- a) due directly to an injury or illness (if Illness coverage was purchased), you are unable to perform the important duties of your *regular occupation*; and
- b) you are not engaged in any gainful occupation; and
- c) you are receiving a physician's care.

After disability benefits have been payable for 36 months during any period of disability, then *total disability* means that:

- a) due directly to an injury or illness (if Illness coverage was purchased), you are unable to engage in any *reasonable occupation* for which you are, or may reasonably become, fit by education, training or experience; and
- b) you are receiving a physician's care.

Definitions of you, your, injury, disability, physician and other related terms can be found in your policy.

What to expect when you make a claim

We understand that when something unfortunate happens, dealing with the aftermath can be stressful. That's why we try to support you and make things as easy as possible.

In general

- You will need to complete a claim form and return it to us. If you don't have the form, we will send you one upon your request. Your physician will have to complete the relevant section of this form.

- It is possible that more information will be required, such as details regarding occupational duties, financial information or further medical documentation. We will advise you as to what additional information is required.
- If you have your insurance policy or policy number handy when you call, it will make it easier for us to provide assistance. But if you don't have it, we will still be able to assist you.
